Mike,

Charlie DeSaillan called me on 12/23. He said he was working for NMED Office of General Counsel and was drafting the Governors letter for the site. He wanted to know if there was anything he could do to help us the listing and asked if we would provide him with a copy of the HRS documentation record. I told him once the package was final I would send him a copy. He asked several questions concerning the listing and the whole NPL process and I answered him the best I could. I gave him your name and number. His phone number is 505-827-2985. I will be out all next week, but you can call me at 972-235-0665. Hope you had a Merry Christmas.

:) bnc
